2 ACCIDENTS TO WOODSMEN NEAR WILLITS

McKee Camp Scene Of Injuries To Crew Members Lately

ONE VICTIM MAY DIE

Fractured Skull Was Suffered By Ralph Cruckshanks

Special Correspondence of The Press

WILLITS, Oct. 25.—Redwood Camp, Royal Neighbors, had an unusually large attendance at the meeting Thursday night for it had been announced it would be a Halloween party and the hall was decorated with pumpkins, corn stalks, black cats and witches riding on broomsticks. It was also given out all members who had birthdays during the three months would be guests of honor. They were Cecile Hall, Mary Legg, Constance Musgrove, Margaret Gundstrom and Katherine Morgan. Following the meeting bridge was played and Clara Johnson and Lydia Olson held high scores and Pauline Petty won a consolation prize. Refreshments were afterwards served.

Wed In Reno.

Miss Hazel Kendall and Homer Adrian Smith were married at Reno Monday, and after a short honeymoon returned to Willits, which will be their future home. It was not an elopement, for all of their friends knew of their intention, but to be married in Reno is more romantic than having the ceremony performed here. Both young people arrived in Willits this summer and have made a wide circle of friends during their sojourn. The groom is in the contracting business and the bride is—like all brides—a charming young woman.

Loose Gravel Caused Mishap.

Abe Requa, prominent Long Valley rancher, skidded in loose gravel and his car went over an embankment. Fortunately Mr. Requa escaped with minor bruises and a bad shaking up, but the car was badly damaged. The accident took place Wednesday about seven miles north of town.

Received Sad News.

Mrs. Eddie Gouber was summoned to Kansas City, Missouri, a few days ago by a telegram which stated her mother had died.

Work Going Well.

Splendid progress is now being made on our sewer extension project and additional storm sewers. Two ditch-digging machines have been used to make the excavations after which a large crew is employed laying the pipe, sealing the joints and covering it up. The sewer work is now 90 per cent completed, according to Street Superintendent Jake Thom and the storm sewer is about half finished. The outfall plant is also being pushed as fast as possible.

Woodsmen Hurt.

Two serious accidents took place at the McKee logging camp on Three Chop Ridge, Wednesday. The camp is adjacent to the Fort Bragg highway and 10 miles west of Willits. Ralph Cruckshanks received a fractured skull and fractured shoulder blade and is in a serious condition, according to latest reports. Hobart Webster, while chopping, cut his right heel with an axe and almost severed the tendon. Both men were brought to the hospital but the latter was taken home after Dr. R. A. Babcock sewed up the wound.

Among The Sick.

At Howard Memorial Hospital Mrs. Julia Weber, who has been receiving medical care, will return to her home in Ukiah this week. Mrs. Angela Peter, of Santa Rosa, is rapidly recovering from effects of the major operation she underwent recently. Mrs. E. Mosna, of Ukiah, has been discharged and is now recuperating at the home of her daughter, Mrs. Sam Shortridge, at their Cummings home. A boy was born to Mr. and Mrs. Eugene Requa, of Laytonville, Monday. A girl was born to Mrs. Viola Mack Wednesday. Lucien Bessiers, who was injured in an automobile accident recently has been discharged and taken to his home in San Francisco.

Are After Camp.

Supervisors Bittenbender and Pesula will leave today for San Francisco and Sacramento where

DON'T ATTEMPT TO WHIP THE TRAFFIC COPS

Getting Tough Gets A Fellow Into The Booby Hatch

BEST OBEY A SIREN

Truck Should Not Be Run Over When Making Getaway

James Mahaffey has been found guilty of drunken driving in Justice Van Dyke's court and has asked probation.

How It Started.

While Traffic Officer Arif Stultz was coming up the highway near the southern city limits Mr. Mahaffey almost ran Officer Stultz down. Officer Stultz started after Mr. Mahaffey and the latter cut in front of a truck and again almost got in trouble. The siren was blown by Officer Stultz and Mr. Mahaffey speeded up Mill street. Officer Stultz crowded Mr. Mahaffey to the curb, but Mr. Mahaffey was warlike and abused the Officer.

Trouble Commenced.

He would not get out of his car and when Officer Stultz tried to make him do so, Mr. Mahaffey started to fight him off. Officer Stultz then pulled Mr. Mahaffey from the machine and the two "roughed it" until Officer Stultz threw Mr. Mahaffey to the ground, handcuffed him and took him to Dr .E. C. Bennett, who pronounced Mr. Mahaffey drunk and then Officer Stultz placed him in jail. Whether Judge Van Dyke grants Mr. Mahaffey probation will be determined Friday.

PROS HONTOU UNCONSCIOUS

Man Injured Yesterday Lies Long In A Coma

Pros Hontou was taken, critically injured, to Ukiah General Hospital at 9 a. m. yesterday, in the ambulance, following an accident one and a half miles north on the highway at the Vine Service station, when the horse he was riding north swerved in the path of a car driven by C. D. Orvis of Stockton, also going north, the impact throwing Mr. Hontou head foremost to the pavement.

Still Unconscious.

He received a fractured skull and other severe injuries and it is doubted if he will regain consciousness. School bus Driver Dillon was an eye witness to the accident. Highway Patrolman Frank Mills was called to the scene. Dr. H. O. Cleland is in attendance.

Form Bancroft For Senator Club Here

Prominent farmers of the valley met Monday evening to form a Bancroft for Senator Club. There will be about 60 members in the group. Executive committee elected comprises A. F. Moulton, chairman, A. E. Stancart of Willits, F. P. Stipp of Ukiah, Don Macmillan of Hopland, Lee Williams of Potter Valley, Vernon Rawles of Boonvile and Jay Lee Smith of Redwood Valley. Headquarters will be had jointly with those of the Republican Central Committee in the old Dispatch building.

CONTINUES IMPROVEMENT

Walter H. Messick, manager for Montgomery Ward Co., who underwent an emergency operation for appendicitis two weeks ago, continues on the road to recovery.

John Poma and son, Emil, were in town Friday from Redwood Valley to attend the Grapegrower's meeting.

CHIEF BISHOP'S HUNCH TURNS UP A BURGLAR

Three Puzzling Fort Bragg Crimes Solved Finally

CULPRIT CONFESSES

Boy Takes Officers To Cache He Had In The Woods

Clever work by Chief of Police Earl Bishop, of Fort Bragg, has solved two and possibly three burglaries in the coast town.

Had A Hunch.

Chief Bishop suspected Mervin Golden, a Fort Bragg man about 22 years of age and, arresting him, obtained a confession he had robbed Penitente's and Harry Spath's stations.

Recovered Property.

Much of the goods taken were recovered by Chief Bishop from a cache in the brush where they had been hidden by the young man. In one instance the youth got into a safe, but found nothing, although $50 was hidden in a box in the room.

Now In Jail.

The boy was brought here Monday and placed in jail.

READ UP NOW AND GET WISE

Study Your Election Amendments And Vote Right

More than two tons of election literature comprised in 15,500 78-page pamphlets which contain the proposed amendments to the state constitution, propositions and proposed laws, on which the people of California will vote, November 8, were received by County Clerk Harry M. Burke last week. These are for distribution in Mendocino county along with the sample ballots which are being sent out this week.

Easy To Understand.

If any voter goes to the polls unenlightened he will have to provide his own excuse. The pamphlets are completely indexed and contain the texts of all 25 propositions, with arguments for and against them and there are miniature reproductions of the amendments as they will appear on the ballot, showing how they are to be voted upon. There are 12 articles of the Constitution amended, eight new sections added and four new articles, providing a lot of deep study between the time the pamphlets are received and election day.

GYM CLASS FOR ADULTS

Physical education classes for men will begin Tuesday from 7:30 to 9:30 p. m. at the high school gymnasium under supervision of Coach E. B .Christensen. Less vigorous forms of exercise, such as volley ball, will be informally conducted; some may punch the bag and others play handball. Possibly a basketball group will be formed later on to play Thursday evenings.

THEY ARE POPULAR

Monday a carload of Studebakers brought four 1939 models to the Forrest Hughes agency, making a total of eight of the new cars received by Mr. Hughes to date, seven of which fill orders on file. The fall season looks promising for the 1939 model.

AT GOBBI HOME

Mrs. Anthony H. Sampson arrived Saturday from San Francisco for a visit with her sister, Miss Katherine Gobbi, and was accompanied by Mr. and Mrs. A. M. Scully, who were guests at the Gobbi home over the weekend.

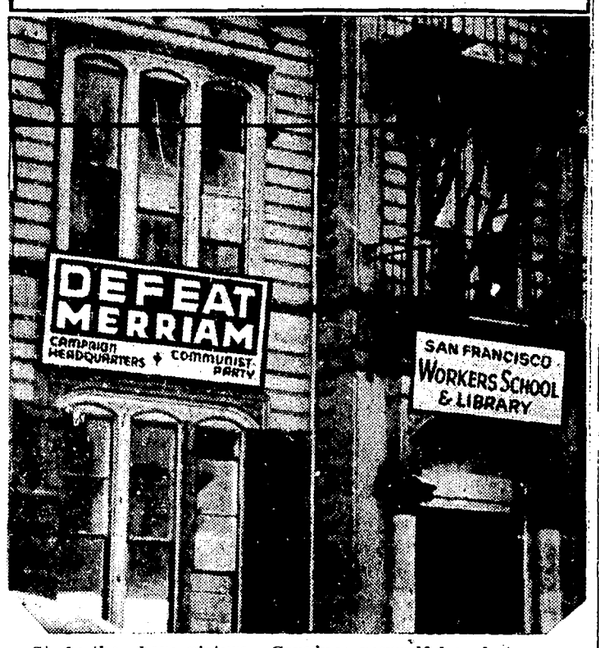
IS ON TRIAL

Mark Seaver, former Ford dealer here, is on trial in superior court on charges of grand theft.

Earl Warren, candidate for Attorney General on the Republican ticket, stopped off to say hello to A. R. O'Brien Friday while enroute to the Redwood Empire Association convention at Eureka.

"So the People May Know"

RED BATTLE CRY!



Study the above picture. Convince yourself by what you see, the Reds are making their campaign to control California by beating the executive who stands up for Americanism.

Do not forget Tom Mooney, preparedness day slayer of 16 men and women, openly boasts he will be liberated, if Senator C. L. Olson is elected governor.

The C. I. O. is charged with financing the Olsen campaign by the A. F. of L.

Harry Bridges, Tom Mooney and C. L. Olsen are not the trinity to entrust the fate of real Americans to. The only chance, and it is a desperate one, to see they are not successful is to make sure the anti-radical vote is gotten out.

Of the situation facing Californians at the coming election The Alameda Times-Star says: "The challenge of communistic and radical forces to the orderly process of government in California make the re-election of Governor Merriam imperative.

"Communistic and radical elements in California are marshalling their forces this year for a final test of strength. They consolidated their position by organization and clever propaganda among discouraged and unemployed men and women of whom there are many in this state as a result of the depression and an unprecedented influx of migrants from other parts of the country coming to California, the land of promise and prosperity.

"Governor Merriam has complete sympathy and understanding for these distressed people but at the same time he realizes how cowardly and unwise it would be to hold out to them Utopian promises impossible of fulfillment and which, if an attempt were made to carry them out, could only result in bringing more misery to countless thousands of unfortunates.

"Paradoxically enough, the opponents of Governor Merriam are attacking him on the soundest of all policies having to do with his administration—his management of state finances. This they are attempting by juggling the figures, as can be proven to the satisfaction of any citizen who cares to examine the monthly reports of the state treasurer, state controller and the department of finance.

"No substitute for Governor Merriam's ability and fitness for the task at hand is being offered the people of California in this election."

And, dovetailing into the above, is the following from The Santa Rosa Republican: "There are not many Democrats in California of the same school as Culbert L. Olson, candidate for governor of California. From Olson's kind of democracy there is only a short step to Socialism. There are still fewer Democrats of the stripe of Ellis Patterson, candidate for lieutenant governor of California. From Patterson's kind of democracy there is a short step to outright Communism.

"Both Olson and Patterson are backed by the CIO, under the personal leadership of Harry Bridges, unwanted alien from Australia. There is no doubt that much CIO campaign money has helped put Patterson where he is. Neither is there any doubt that Harry Bridges and his CIO would have considerable to say about the conduct of the affairs of this state with Olson and Patterson in the chief executive office.

"And think—if Olson should die in office we would have a state run by a Harry Bridges man.

"There is no doubt whatever that Bridges and his red followers have, through their strikes and obstructionary activities, retarded the expansion of business and industry in San Francisco and northern California to an important extent. There is no doubt in any one's mind that this part of California would have been farther along on the road to prosperity today if Harry Bridges had been deported several years ago.

"Each year he and his lieutenants are reaching out after more power. Are we going to stop him before he gets his hands into the machinery of state government?

"Olson and Patterson are certain to poll heavy votes in San Francisco and other centers of population where the CIO is strongest. It is up to the voters of the rural districts, aided by straight thinking people of the cities, to see that a sound man is kept in the governor's office. The Republicans alone will not be strong enough to keep this dangerous Olson-Patterson combination out of office. The Democrats will have to join with Republicans again in this election as they did when Sinclair and his Epic plan threatened the state, if we are to save California from a possible industrial disaster.

"Governor Merriam can be depended upon to keep the ship of state on an even keel. Let's not let any one start rocking the boat. Keep a safe man at the helm in California."

Former Resident Is Killed By Auto

Thrown from his car on a San Francisco street, Dr. Lewis Young, 70, retired San Francisco physician and former well known Willits resident, was killed last Thursday. Deceased lived at the Lewis homestead in String Valley many years ago. He left Willits to take up medicine and upon completion of his studies opened practice in San Francisco.

Mrs. Hazel Underwood, of Underwood Park, beautiful resort among the redwoods on the north highway, was in town Saturday.

Miss Marjorie Harris Was Given City Place

Miss Marjorie Harris returned to Ukiah last weekend to take the position at the city offices held by Miss Marcelle Valette until her recent departure. The past two years Miss Harris has held a secretarial position with Wheelan Studios, San Francisco. The popular young lady is welcomed home by her friends here.

IS FOR BYRNES

Howard Bishop, former Coast resident and now of Florence, Oregon, in renewing his subscription to The Republican Press writes: "Ralph Byrnes is the man to vote for for sheriff."

FRANK B. COOK MUST HIRE NO JAP WORKERS

White Men Protested Against An Oriental Crew Being Used

WARNED TO GET OUT

Valley Sentiment As Unit White Labor Should Be Hired

Special Correspondence of The Press

CLOVERDALE, Oct. 25.—News coming here says anti-Japanese labor sentiment in Anderson Valley flared up last week and 40 determined men went in a body to the ranch of Frank B. Cook, who had a crew of six Japanese working on his ranch.

Told To Leave.

The white men warned the Orientals they must leave. F. B. Cook was away attending a Grange meeting in the south and the work was in charge of his son, Wilson, and he pleaded with the wrathy visitors the Japs be allowed to sack the apples they had dried, in order the amount due the Japs for their work might be arrived at. This was agreed to and the Japs have stopped work.

People Against It.

There is reported to be much resentment shown toward Mr. Cook's act. In Anderson Valey, as elsewhere, there is much unemployment and the contention is work should be given to American citizens, instead of Orientals.

It Must End.

Other ranchers go out of their way to make jobs for the unemployed, it is reported, and much ill-feling has been aroused over Mr. Cook's hiring of Japs. Certain it is, however, no more Japs will be employed in the valley. If there should be, it is threatened, a visit by more than 40 men will follow and the Orientals will not get as peaceful treatment as they did last week.

J. CLEVELAND BURIAL TODAY

Second Member Of Well Known Family Died In Week

Funeral services will be held at 2:30 this afternoon at the Baptist church for James Cleveland, who passed away early Monday morning following a heart attack. He was the son of the late M. V. and Ann Cleveland, and but a week before his death attended the funeral of his uncle, Mack Howard. James Cleveland lived his entire life in Ukiah where he was a well known rancher. Latterly he was employed at the State hospital.

The Surviving Relatives.

Deceased is survived by his wife, Belle, and five sisters, Mesdames Lucia Hopkins, Emma Davis, Dora Gannon, Flora Rowland and May Oldham. Following the last rites at the Baptist church today, interment will be in the local cemetery. Pallbearers are C. M. Mannon, Dr. Lee Gibson, Elmer Adams, James Toomey, Roy Busch and Linus Miller. Eversole Mortuary is in charge.

IS GETTING BETTER

Harry J. Mathews, Redwood Valley rancher, who has devoted so much of his time to the fight of the grapemen and who has been suffering a severe throat infection, is reported much better and on the road to recovery.

VISITS SICK WIFE

R. S. Thompson, engineer with the Western Union Telegraph Co. at Fresno, came up Saturday to visit Mrs. Thompson, who has been and still is quite sick.

GAVE NATIVES LIQUOR

James Mack was arrested last week by Stephen Knight for furnishing liquor to Indians .

WAS AFFLICTED

Attorney W. P. Thomas has been a sufferer with inflamatory rheumatism the past 10 days.

Stewart T. Rose, who operates the cemeteries at Fort Bragg and is head of a coast mortuary, was here Friday, being called to Ukiah on court matters.

ASKS PROBATION

C. C. Montgomery, cattle thief convicted last week by a jury in superior court, is asking probation. If a man like Montgomery, who has been in trouble for years on cattle stealing suspicion, is given probation after he was plainly found guilty, there is little use in officials trying to enforce the law. Montgomery should go to the penitentiary and serve his full term.

PRESS WANT AD IN NEW ROLE!

Bicycle Is Recovered After Being Sold By Nomad

Return of a stolen bicycle was brought about through a recent "Lost" ad in The Press. The bicycle was sold to Frank Mitchell in the presence of Sam Richards, who was helping him build a silo, and Arthur Romer, at the Romer Vista Dairy, by a lad about 17 years of age who claimed to have ridden it here from the middle west.

Used An Alibi.

The boy pointed to a hole in a tire, which it is now believed he cut there, and said he needed the money more than the bike.

Saw Press Wantad.

Mr. Mitchell sent the bicycle to his son at Santa Rosa and Mrs. Mitchell noted immediatey it answered the description given in the classified ad "Lost" section of The Press, and checked the serial numbers, finding they corresponded.

Met The Outlay.

Mr. Mitchell brought the bicycle back to Ukiah and returned it to the advertiser, Fred Hammond, Jr., who reimbursed him for the new tire and the "purchase price" of the restored article which had been a gift to his son the previous Christmas.

SEX FIEND IS ORDERED HELD

Forest E. Williams Is Denied Freedom From Talmage

The petition of Forest E. Williams, of Los Angeles, for release from the Mendocino State Hospital ward for the criminally insane, was heard Friday in superior court. The petition was denied and the subject remanded to the custody of hospital authorities.

Declared Sane.

Four physicians, members of the hospital staff, were called by District Attorney James E. Busch as witnesses. All testified the subject apparently had recovered under treatment and is now sane but, at the same time, believed him a dangerous menace to society if set at liberty.

Has Vicious Record.

The history of the man's case is crammed with revolting particulars. The crimes from which he escaped a probable life sentence in state prison for possibly a year or two in the hospital for the insane were ravishing two small girls. Even the children of his own family, of which there are four, did not escape the contaminating influence of his unbridled mania. Appeal from the order of the court has been taken by his attorney, Chas. Kasch, and an order obtained for a transcript of all testimony given at the hearing.

Came In Manacled.

The subject was brought into the courthouse in the custody of two hospital attendants, securely manacled with the hospital's regulation equipment. This was removed before he was taken into court and replaced as soon as he was returned to the corridor on his way back to Talmage.

ON SAFEWAY STAFF

Ted Lewis has recently been added to the staff of the local Safeway meat department, being transferred from the Fort Bragg Safeway branch where he has been the past year. The transfer is a promotion for Mr. Lewis.

HAS BEEN SICK

Mrs. H. L. Zeek who has been ill at her home on Standley street is reported improving and able to be up and about the house a few hours each day.

Attorney Wayne C. Burke, candidate for District Attorney, was at Fort Bragg last week.

EDUCATOR HAD NARROW BRUSH IN CAR WRECK

Round Valley Principal Dozed And Paid For It

THE AUTO WAS RUINED

Lawrence Clark Had Unusual Luck And Appreciates It

Special Correspondence of The Press

COVELO, Oct. 24. — Thursday evening members of the Mutual Aid opened the lovely new Baptist church parlors, prettily decorated in Halloween colors, with a reception for all teachers in the valley. Rev. Carroll Pedersen started the evening off with lively old-time songs and welcomed the teachers. Principal Vance D. Lewis of the high school responded to the genuine greetings and introduced faculty members. Mrs. Lee L. Sanders, newly elected president of the Mutual Aid was introduced and the outgoing president, Mrs. Clyde Riffe, was extended an acknowledgement of gratitude for her splendid work. One hundred people attended the affair. Gingerbread with whipped cream and chocolate were refreshments served.

Escaped Luckily.

Returning late Sunday last from Mill Valley, where he had passed the weekend with his wife, Lawrence Clark, member of the Reservation school faculty, dozed at the wheel of his car and dashed over the grade on the Dos Rios road. Mr. Clark came out of his demolished car and the canyon with only a leg wound. Mrs. Clark, nee Marjorie Hunt, member of the high school faculty last year, came from Mill Valley Friday, where she is teaching, and passed the weekend at Hotel Covelo with Mr. Clark.

Attended Convention.

Senator and Mrs. G. M. Biggar returned early in the week from Scio, Oregon. Senator Biggar is passing the weekend at Eureka, where the eighteenth Annual Convention of the Redwood Empire Association is holding sessions. Governor F. F. Merriam was guest of honor at the Association's banquet Saturday night.

Are Leasing Lands.

Indian officials from Sacramento, including Roy Nash and Edwin S. Hooper, with Miss Mabel Penia, daughter of Mr. and Mrs. Felix Penia, as their secretary, are busy this week leasing Indian land. Miss Penia is a former local native and holds a nice position at Sacramento in the office of Indian Affairs.

Sickness Is General.

Many are confined to their homes with bad colds and slight attacks of influenza. Ed Grist is under a doctor's care, as is Mrs. E. A. Gravier. Mrs. Frank Spurlock remains about the same, but it is a pleasure to visit this lovely lady, always cheerful, with happy conversation, despite her long illness.

To Serve Dinner.

The church ladies and Ladies Aid will give the election dinner November 8, in the Rohrbough building, and the choicest food will be served cafeteria style.

A Halloween Party.

Thirty-two members and friends of the Young People's Christian Endeavor Society gathered Friday evening for a Halloween party at the new Baptist Social Hall just opened. Rev. and Mrs. Carl Pedersen and Mr. and Mrs. Mathews joined the young folks for an evening of play. Lemonade and cookies were served.

A School Affair.

A Halloween party, sponsored by the seventh and eighth grades was given Friday evening at the

IMPORTANT ISSUES

(The Santa Cruz News)

AMONG THE IMPORTANT ISSUES to be decided by the voters on November 8 are the anti-gas tax diversion amendment and the highway traffic commission measure, Propositions 3 and 4 on the ballot. Both have great bearing on the safety and economic welfare of all citizens.

The two measures are closely related and must be considered as acting together toward the solution of one great, single problem—traffic safety.

Reduced to practical and specific terms, this means they incorporate provisions to build safety into the highways, making them as foolproof as possible—teach motorists to drive safely—police the highways efficiently and enforce and guarantee the proper expenditure of highway money.

Proposition 3 is designed to keep for all time the grasping hands of politicians from dipping into the gas tax fund. Proposition 4, by establishing a highway and traffic safety commission for California, proposes to put into one body the responsibility for building safe highways and keeping them safe.

FOR LACK OF A SHOE

FOR LACK OF A STRAIGHTFORWARD road to peace, 10,267 strikes or lockouts blazed up in 19 countries during 1937 and involved 4,223,994 workers.

For lack of up-to-date machinery for arbitration, 50,755,454 working days were lost. On the basis of a six-day week, with annual 10-day vacations, this means a loss of 167,509 working years.

For lack of essential state and federal legislation, the United States took rank as the world's top-scorer, with a loss of over 28,000,000 working days—more than half the total for all the other countries.—The Chico Enterprise.

For lack of a stopgap, or an effective labor relations policy to stop this tragic waste, $19,000,000 in direct wages was lost by strikers in the United States during the first five months of 1938. This covered a period of declining industrial production when the worker and his boss could least afford the squandering of income and jamming up of production.

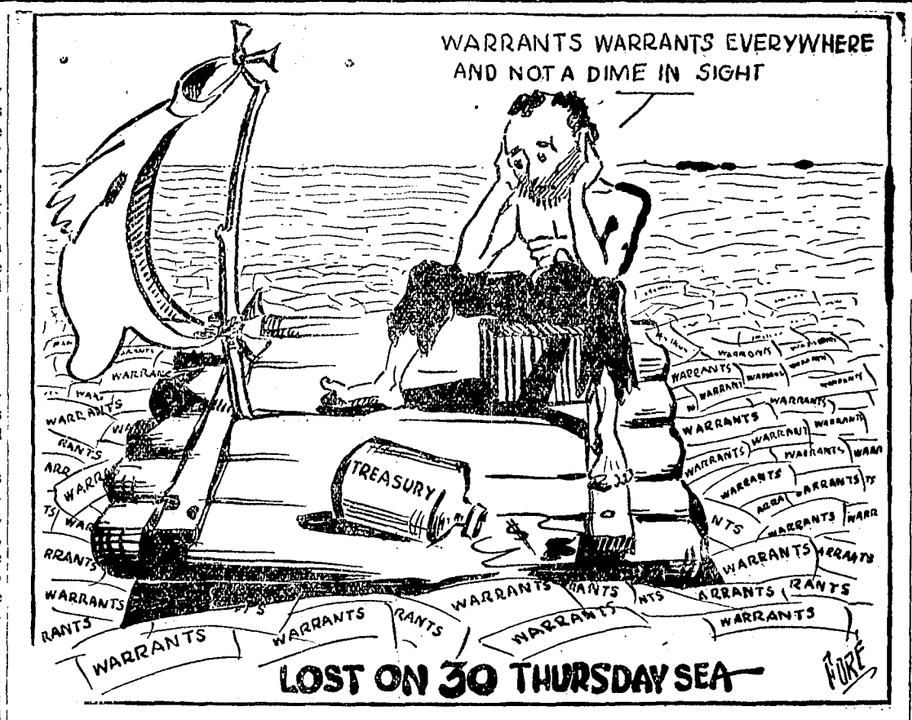
For lack of a shoe, the story goes, a horse was lost. But for lack of modern arbitration machinery and wise labor laws to expedite settlement of disputes, to save workers enormous wage losses, to minimize violence and spare communities the shameful terror of vigilante action, there is no excuse! With an employment relations measure on the November ballot, California indicates a determination to fill the worst of these lacks.

As the world's high-scorer in industrial productivity and efficiency, it is time America took surer grip on that title and sought to avoid the needless penalties inflicted by idling wheels and idling hands.

LOS ANGELES EXEMPLIFIES PURITY

THE CITY OF LOS ANGELES is becoming very pure indeed. The new reform mayor lets it be known that the devil might as well pack up and leave town. Sin and iniquity must go. This week the net of the crusaders swept in a dozen or more old men who were sitting in a public park playing rummy for a penny-on-the-corner. The presumption is that all the professional gambling houses and vice spots of Los Angeles have been driven from the city and that the political racketeers are all in prison. The penny rummy players having been run in, the presumption is that the City of Angels has just about reached the limit of purity and righteousness.—Santa Rosa Republican.

Old men, the homeless, and the girl who walks the streets are ever fair game for reformers.



SAMUEL G. BLYTHE, THE FAMOUS COMMENTATOR, VIEWS BANCROFT

Samuel G. Blythe, noted author and political commentator, referring to the candidacy of Philip Bancroft for the Republican nomination for United States senator, says:

This candidacy is as politically unique as it is significant and worthy of support for these reasons:

He is a real farmer and not a political farmer and has a wide and sympathetic understanding of the agrarian problems of California and the proper and workable remedies for them.

Understands The Field.

He is a business man who has a wide knowledge of our business difficulties, of our economic distresses and their causes, that is not complicated by beliefs in any of the prevalent nostrums and is based on sound economic policies and practical means to regain and retain prosperity and progress.

Is Straightforward.

He is a sane, clear-thinking, courageous citizen and not a trimmer, a time-server or pussyfooter. It has been a long time since a candidate for high office in California has announced himself with so straightforward, courageous, well-considered and forceful a platform as Mr. Bancroft's, which was typical of the man. Nor has any radio speaker in the primary campaign been so clear and direct, so definite as to what he seeks to do, so contemptuous of the usual political humbug and hypocrisy. No voter needs misunderstand what Mr. Bancroft stands for. He means what he says and says what he means without subterfuge or evasion.

Phil Bancroft
Candidate for U. S. Senator

He has ability, character and courage.

He is sanely and steadfastly American.

Knows What We Need.

He understands the needs of California in every line of California endeavor, and his understanding is not complicated with every theory, ism nor panacea proposal.

He is young, vigorous, a forceful and factful speaker.

What more can Californians ask or require?

Wild Driving Was Ended By A Wreck

The bad wreck Friday afternoon at Russian Gulch in which Ervin Sallinen went down 60 feet and sustained critical injuries was followed Saturday by another accident at Caspar when Willie Fratis and two companions, Clarence DeCamp and Ed. Westerlund went off the road at the turn just south of the Caspar store and went into the gulch 250 feet. The car was badly wrecked and the wonder is its ocupants were not killed. Going through Caspar at a high rate of speed the driver could not make the turn when the railroad track was reached and the car crashed across the road and went plunging into the ravine. As it was the car went down toward the mill pond. Willie Fratis was the only one injured. He suffered a dislocated vertebra.

HAVE STARTED HOME

A telegram from C. N. Mortenson at Chicago Thursday informed Mrs. Mortenson he and Ping Woo were setting out for Hollywood, homeward bound from their trans-continental motor tour. In all probability they will reach Ukiah in time for the election.

Sidelights of Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is a director of the State Board of Prisons of California.

LOVE AND LAW TURN BUNKO ARTISTS

He asked us permission to cash one of his Bonus Bonds—He is a Veteran who went wrong after the war and he, perhaps, should rate in the class of men who, unfortunately, were inpaired, somewhat, mentally by the horrors witnessed during the conflict—I say he must have suffered because of the fact he is now receiving $69.10 a month pension from the Government.

He came to San Quentin a little over a year ago. He has many years to serve. His offense arose through running amuck and trying to kill a man with a revolver.

Recently we received a letter from an attorney in Los Angeles, who claimed to represent the prisoner. The communication read: "(The prisoner) has asked me to take up for him the matter of procuring an annulment of the marriage of (the prisoner's sweetheart). I know this couple has been in touch with each other several years, and have held themselves out as sweethearts and as engaged, and hoping to be married. (The prisoner) talked to me about annulling her marriage before he was sent to your institution. He now writes me to forward you a letter saying I am charging him $80 for this service, and requesting you permit him to pay it, and telling me he will write you a letter asking this permission, also. For the $80.00 I will file the complaint and publish, if necessary, service of summons, and pay the reporter's fee and all cost. I have investigated the matter and know that (the woman) with whom he is going, is entitled to an anulment of her marriage which was performed in Los Angeles."

There you are.

The lawyer knows the prisoner has $750 in Bonus Bonds and is getting a pension of $69. He knows the prisoner has years to serve. He knows the woman has been the girl friend of the inmate and he knows, if the woman appeals to the prisoner for help, the vanity of the man will be touched and he will gladly ask the Board of Prison Directors to permit him to send on the money.

Possibly, in the final analysis, this lawyer justifies his act with his conscience, but he must also know the couple could not be married for years to come, because the inmate will be confined. He also knows, perfectly well, if the woman does divorce her husband for the convict, she will turn out to be one of that class who will run out on the inmate, while he is in prison, the first time she meets some man who appeals to her.

There are, of course, some fine men in the legal profession, but many there are who are not. I so often see instances of prisoners whose cases compel me to wonder why they get such long sentences only to learn upon investigation they were defended by an attorney appointed by the court and who, upon finding they had no money, advised the men to plead guilty, telling them: "Plead guilty and you will get, perhaps, only a jail sentence," and, once they follow their lawyer's advice, they find themselves in prison for long terms and when they are in prison they are baited by every bit of chicanery legal lore can devise by this same class of shysters. One can scarcely believe how much time of Prison Board members it takes to prevent the criminals, confined inside the walls, being preyed upon by another class of criminals who are running loose, outside.

DIED IN CITY

He's Pumpkin King Of Webfoot State

Howard Bishop, former pumpkin king of Fort Bragg, raised a squash this year in Umpqua river valley, Oregon, weighing 117 pounds, and a pumpkin that went 91 pounds. So it looks like "How" Bishop is the Oregon state pumpkin king for 1938.

Shell Company In Big Station Move

During the past week work of clearing the lot occupied by the Shell Service Station at South State and Clay streets has been under way. All of the gasoline service equipment has been removed and the lot re-surveyed for a new setup calculated to make the corner one of the most attractive in the city. The plans include the razing of all the old buildings which have housed the greasing, car washing and repair shops practically gutted by fire six weeks ago. It is understood upwards of $15,000 will be spent on the new plant.

IN A WRECK

The Studebaker sedan of Harold Dunn went off a 50-foot grade south of Hopland early Sunday morning and plunged to the bottom without overturning. The accident was just north of Russian river bridge.

Mrs. Robt. Buckman was a countyseat visitor Monday afternoon from McDowell Valley.

Plunge Into

SQUANDERMANIA!

Proposition No. 13 on your November Ballot is a brazen attempt to let down the bars to wholesale public borrowings which would mean. . . .

Staggering Debt And New Tax Burdens

This dangerous proposal would **abolish the basic safeguard requiring a two-third vote for bond issues!**

It makes it **easier to get into debt, but harder to get out!**

It would permit the issuance of revenue bonds, IN ANY AMOUNT, by a bare majority of those actually going to the polls. In reality, it would mean that **any district, city or county could be plunged into debt by A SMALL MINORITY,** as only a fraction of the registered vote usually turns out for a bond election.

You can't afford it. Your neighbors can't afford it. No city or district in California can afford it!

VOTE "NO" ON NO. 13

SCHOOL PAPER WORTH IS SEEN

First Appearance Of Redwood Valley Issue Excellent

Special Correspondence of The Press

REDWOOD VALLEY, Oct. 25.—Redwood Valley school issued its first publication last week when The School News, featuring scholarship activities of all classes, appeared in an attractive five-page issue. A new editor will be elected from the eighth grade for each month's issue. Virginia Morris was editor of the first issue and Jeanne Howland was assistant editor.

Mrs. DeCarli Dead.

Mrs. Henrietta Stella DeCarli passed away at her home in Redwood Valley, Monday night, following an illness of several months. She was admired and loved by all who knew her for the unsefish and untiring efforts she has made to carry on the work of operating the ranch since the death of her husband, the late Fred DeCarli, and her generous interest in community affairs. She is survived by two daughters, Mrs. Josephine Shultz and Miss Grace DeCarli, and a grandson, Francis Shultz, all of Redwood Valley.

2 ACCIDENTS TO WOODSMEN NEAR WILLITS

McKee Camp Scene Of Injuries To Crew Members Lately

ONE VICTIM MAY DIE

Fractured Skull Was Suffered By Ralph Cruckshanks

(Continued from Page One)

they will interview the heads of the WPA and SRA and try to get them to establish the WPA-SRA camp on James creek this fall, instead of next spring. State Engineer Roberts was here the first of last week and surveyed the proposed new campsite and it is said his report is quite favorable. The Caspar Lumber Company, on which the camp will be located, has agreed to furnish the site to the county. It is posible to have the camp erected and established in less than a month and the men would then be able to do a lot of necessary highway work this winter.

Lodges Had Party.

Masons and O. E. S. members had a Hallowe'en party Saturday night and there was the usual large attendance. The banquet hall was decorated with pumpkins, witches riding on broomsticks, black cats and candles on the tables. The menu consisted of baked ham, Virginia style, with the other trimmings that always go with such a feast. Following the banquet the tables were cleared and Bey Barnwell's Haywire Orchestra furnished musuc for those who wished to dance, while some of the oldsters went upstairs and played cards.

Mesdames Mary Sharman, Cora Johnson and Esther Reed, all of Los Angeles, passed several days days last week visiting Mrs. Louis Pietronave.

Property Purchased.

Mrs. Mabel Woodin has sold a house and two lots on Mendocino street to Margie Dunham. The property is opposite the Golden Eagle Milling Company's place of business and also runs along on the alley in the rear of The Traveler's Hotel. Ray Ritschel made the sale.

Were In Eureka.

Supervisor and Mrs. Duane Bittenbender, Mayor W. F. Whitney and Mr. and Mrs. A. C. Hammond attended the Redwood Empire convention recently held at Eureka.

Now A Grandma.

Mrs. Frank Whitney returned Wednesday from Bakersfield where she was called by the birth of a son to her daughter, Mrs. Will Spangle.

Winter Is Coming.

It was cloudy and sprinkled all day Sunday but the total precipitation only amounted to .10 of an inch, which brings our total for the season up to 3.07 inches. The new grass is several inches tall and this last little rain came most opportunely and guarantees splendid winter feed.

Hit A Truck.

The rain caused the highway to be slippery for cars without chains. David Hanson, of Ferndale, accompanied by two young women, was on the way to Fresno for a short visit and when they came around the curve at the Longvale bridge the machine skidded and ran into a truck driven by James Mayhew, of Turlock. The motion of the truck caused the car to turn completely around and then run off the grade and under the bridge. The occupants escaped with minor cuts and bruises, but the car was badly wrecked and is now in a garage being repaired.

Slid At Underpass.

Mr. and Mrs. Frank Tropper were headed south and as they went under the underpass south of town their car skidded and ran into the ditch and brush and badly wrecked the machine. The Toppers escaped with a bad shaking up.

Married In City.

A marriage license was issued in San Francisco last week to Harold Tesarik and Daus Marquardt. The latter has been living in Willits with her uncle, Max Marquardt, and is a graduate of the local high school.

Jasper Wilson was confined to his home several days last week by a serious heart attack but is now much better and able to be about town.

Mr. and Mrs. Ben Hinton are now having an outing in San Francisco.

A Two-Time Offender.

Urho Niemi was arrested early Wednesday morning by Officer "Bill" White on a drunken driving charge. This is his second offense this year on the same charge and he has been bound over to superior court. Mr. Niemi has been released on bail.

Installing Filter.

The new water filter and treatment plant now being installed by the local water company will be in operation before the heavy winter rains set in, according to announcement made a few days ago. The massive concrete foundation has been installed and the filters, valves, connections and other features were received here last week. The contract was awarded the California Filter Company and H. J. Bovard, president of the concern, came up from San Francisco last week on an inspection trip. One of their construction superintendents is supervising the work and they expect to complete the job in two weeks. Willits now has the largest supply of water of any small city in this part of the state and after the water is filtered we will probably have one of the best qualities of water to be found anywhere.

Mixer Was Stubborn.

Three men were injured at Ridgewood ranch Monday while trying to make a cement mixer function properly. Clyde Bean received a lacerated hand and Eugene Hukill suffered a cut lip and several broken teeth and a third workman sustained minor injuries. All of the men were trying to start the mixer with a crank which kicked back. They were brought to Howard Memorial Hospital where Dr. R. B. Smalley dressed their wounds.

Came To See Mother.

Elmer Keenan came up from Santa Rosa last week for a short visit with his mother. He now holds a position on The Santa Rosa Press-Democrat.

Mr. and Mrs. Ralph Woodin came down from their home in Eureka to enjoy the weekend.

Father Very Low.

Judge and Mrs. Robert Redwine of Covelo were guests at the M. V. Baker home Saturday and Sunday.

You Will Pay More Under A Single Tax

California wouldn't be California under a single tax! When it is realized that a single tax is not a substitute for any tax but is a substitute for Democratic government, you will realize why you will pay more under its terms than you do now under the sales tax. Under the sales tax, you and I share alike, according to our ability to pay, in the costs of government. We share equally in its benefits too. That is Democracy.

The single tax, which appears as proposition 20 on the November ballot, was designed by a few theoretical men who believed that there should be no private ownership of land. In other words they saw no reason why people should own their own homes.

CONFISCATION

To prevent anyone from privately owning land these single taxers devised a way to take it. They would double or treble present land taxes. This is their plan. Six times they tried in one form or another to foster their scheme on the people of California. Six times voters have seen through the plan. This time they try a different idea.

SALES TAX KITE

They believe the sales tax to be sufficiently unpopular to make us want to repeal it. So they propose this—

Repeal the sales tax and substitute for it the single tax on land alone. It is plain to see that by this subterfuge they believe they can dupe Californians into voting away their civil rights, their rights to own property.

Other dangerous parts of the single tax proposition are these strong possibilities that insufficient money could be raised by the plan to—

Keep our schools open, provide aid for our aged, blind and other unfortunates. This can't happen. We must vote "no" on 20!

SMASH THE..... "SINGLE TAX"

If a man steals your purse, at the point of a gun,

IT'S ROBBERY!

But if tax cranks and social revolutionists rob you of your home, your farm, your job and your savings,

IT'S YOUR OWN RESPONSIBILITY

Your DEFENSE is in your own hands — in your intelligent use of the ballot.

The discredited, six-times-defeated "Single Tax" will appear as **Proposition No. 20 on your November ballot.**

This ruinous proposal would . . .

Confiscate Homes and Farms by piling Extortionate Taxes on Land—Higher than Taxpayers could pay.

It would wreck trades and industries, skyrocket rents, drain the State Treasury of the funds necessary to pay old age pensions, to maintain the public schools and other essential functions of government.

It would bring chaos, distress and disaster to California.

And Remember: You Can't Vote Sales Tax Out, Without Voting "Single Tax" in. The bait of "sales tax repeal" is a deliberate attempt to snare the unwary voter.

VOTE "NO" ON NO. 20

Save California from Disaster

California Association Against "Single Tax"
111 Sutter Street, San Francisco

To the Voters of Mendocino County:

The election in November is entirely non-partisan in character. The issue is not being fought between the Democrats and Republicans. For the time being a group of radicals have secured control of the Democratic party, dominated by the C. I. O., John L. Lewis and Harry Bridges. The Democratic candidate for the U .S. Senate, Mr. Downey, was nominated because of his espousal of the "Ham and Egg" measure, emphatically denounced by President Roosevelt. Mr. Olson, nominee for Governor, was for the measuer before the primary, but is now silent on the subject. Mr. Patterson, candidate for Lieutenant Governor, has repeatedly given encouragement to the most radical groups of the State.

This is no time to raise the issue of partisan politics. The question is whether a group of radicals and the C. I. O. shall dominate the government of the State of California.

The voters of this County, regardless of party affiliation, should repel this attack upon our fundamental institutions.

We Propose to Vote For

FRANK F. MERRIAM for Governor
DR. WALTER SCOTT FRANKLIN for Lieutenant Governor
PHILIP BANCROFT for U.S. Senator

And we urge every loyal Californian to vote for these candidates.

DECISION NOW SAYS—VACATE

Langendorf Company Unloading Place Is Ordered Moved

An order in superior court recently made permanent the temporary injunction of June 7 against the Langendorf United Bakeries, San Francisco, which prohibited use of the Mustard garage on Spring street for an unloading depot for the bakery's trucks, between 10 p.m. and 6:30 a.m.

This action in abatement was begun last March when Mrs. Sarah Chessall filed complaint against the Langendorf Company and Ray and Rena Mustard, their local agents, the complaint being made against the noise created by the arrival and unloading of heavy trucks at an unreasonable hour, which broke the rest of residents of the district.

No Damage Given.

No judgment for damages was allowed to any party to the suit and each must pay his own costs.

WHAT BECAME OF F. WALDEN?

Man Who Dropped Out Of Sight Here Is Being Sought

The effort to locate Fred Walden of Vista, San Diego county, which began here last winter when a summons was received for service, was renewed last week when his wife and son took up the investigation in their effort to find when he had been in the city.

Was Here Once.

Mr. Walden was in Ukiah early in January; the summons was sent here about the middle of February and nothing was found to indicate he had been here around that time and, as nothing was said tending to show his presence was required on a matter of a serious nature it was not followed further. It was said he was endeavoring to escape summons.

License Was Found.

A driver's license and letters believed to have been from a Los Angeles law firm were delivered to a local tourist camp after he had been there. They were returned to the postoffice and taken out by Mr. Walden or someone acting for him. It is thought his presence here was traced through the Motor Vehicle Department.

Suspicions Of Wife.

The visit of the wife and son was rewarded after searching the registration slips of tourist camps, but at that nothing was found which showed he had been here more than one night. Although the son had made it plain his father was not a fugitive, and that the matter for which the summons had been issued had been cleared, his mother became greatly agitated when she found her husband had been in Ukiah on January 6, and for the first time, it is said, mentioned another woman and hinted vaguely of a murder charge.

TO PLAY FORT BRAGG

Ukiah football team will go to Fort Bragg to play the high school team there Saturday afternoon. Arbuckle cancelled the game to have been played there last week. "Bud" Christensen is coach for the local boys.

CHIMNEY BURNED OUT

The fire department was called to the J. C. Johnson home at 214 Hortense street Sunday morning at 11:30, where a chimney blaze burned itself out without much damage to the building.

CAGERS BEAT WILLITS

When Ukiah basketballers played Willits high last week the C team scored 23 to 22 and the D team 16 to 9, both in Ukiah's favor. Robert L. Sharp is coach.

HAD A STROKE

Lambert Iversen of Point Arena suffered a stroke last week and was taken to Redwood Coast Hospital, Fort Bragg. No word for the last day or so has been received.

Judge H. L. Preston was at Fort Bragg over the weekend on legal business.

OLD WARRANT IS PICKED UP

Mendocino's Funds In Long Ago Were A Little Short

Another souvenir of the past, which probably had slept half a century in the dome of the court house—a county warrant, dated December 12, 1881—was picked up on the lawn by County Treasurer D. C. Smith and is displayed in his office.

It Earned Interest.

The voucher was for $233 and made payable to F. M. Van Dyke for road work done for the Round Valley road district. It was issued by W. L. Bradford, auditor and county clerk at that time, when those two offices were combined. James Fowler was county treasurer, who registered the warrant, which was not paid until November 14 of the following year and had $2.49 accrued interest. F. M. Van Dyke now lives in Placer county. He is a brother of W. S. Van Dyke of Ukiah and an uncle of Justice Will Van Dyke.

Jack O'Callaghan, local laundryman, was in San Francisco last week on business.

DOUBLE CLAIM FOR A YARDER

Suit Commenced For Machinery In Mill Near Orr's

The Irvine & Muir Company has obtained a temporary restraining order against E. A. McKee and the Crown Machine Works to gain possession of a yarder now at the Whipple Saw mill on Orr Springs road which defendants are dismantling for removal.

Each Has Claim.

Both parties to the suit claim an interest in the yarder. The Crown Machine Works base its rights on an execution sale against the property of the Whipple Lumber Company. Irvine & Muir have an agreement to deliver the yarder to the Equity Redwood Mills, to be set up near Irmulco, eight miles west of Willits.

May Be Enjoined.

The yarder is valued at $600. Irvine & Muir ask judgment for $150 damages and costs. The question of an injunction was heard in superior court Friday and denied.

HELP THE WAGTAILERS

Scientific research will not be hampered in California if the State Humane Pound Act, No. 2 on the November ballot, becomes law, Tailwaggers Magazine, official journal of 38,500 dog-owners, said in an editorial in its inaugural issue. Written by J. G. Lindsay of Hollywood, publisher and founder of the Tailwaggers' Foundation, largest dog owners organization in the west the editorial said in part: "Certainly no sane, intelligent person can deny that the obvious intent and purpose of the measure is humanitarian! It is simply a measure to provide proper protection to any lost pet so unfortunate as to come into the custody of the public pounds. The measure recognizes legitimate experimental work with animals and states very definitely that any college, university, or medical research laboratory may either breed or raise its own animals, or may purchase experimental animals from any source except the public pounds.

"The heads of medical schools have long maintained their source of supply has been through legitimate channels. Can their present exception to the people's desire for protection to animals in public pounds be an admission such was not the case but that our house pets were being "bootlegged" without our knowledge?

"The dog lovers of our state have paid millions of dollars in dog license fees without receiving anything in return and we feel we are entitled to ask this bit of potection."

Vote "Yes" on No. 2.

Slugs For Currency

These bits of metal typify the commercial side of early California: slugs, issued and stamped by private firms, they furnished badly-needed business currency. The $50 octagonal slug in the center of the illustration was coined of California gold by the United States Assay Office in San Francisco in 1852. The other two pieces are representative of the gold and silver slugs struck off by mining companies to meet payrolls, during scarcity of coin in the 60's.

IT IS good policy to check up on your lighting at least once a month. Replace lamp bulbs that have grown dim. Fill up the empty sockets and replace the small sized bulbs in floor and table lamps before headaches and eyestrain develop.

It is good policy, too, to see that the light on your porch or basement stairs is really good light. Most dangerous falls on stairs are caused by a misstep due to shadows and poor light. In the kitchen many cuts and burns might be avoided if just a little better light was by the kitchen sink or stove.

Good floor and table lamps today are inexpensively priced. Prices of lamp bulbs in sight-saving sizes are lower than ever and the reduced electric rates make better lighting a truly low cost monthly item. Check over the lighting in your home today.

TRAGEDY ENDS FISHING DAY ON NOYO BAR

Breakers Upset Boat Pair Were Using Sunday Last

ONE GOT TO SHORE

Body Of Mike Balkin Has Not Been Found Late Reports Say

Death by drowning brought a tragic end to a fishing trip of two young men at Fort Bragg Sunday morning. Mike Belakin 24, an employe of the Union Lumber Company, lost his life in the breakers at the mouth of Noyo river. His companion, a friend, Chas. H. Nickritz, of San Francisco,, it is understood, was taken to the hospital after he had barely reached shore and was dragged to safety by two women.

Body Not Found.

The young men had been outside the harbor fishing and were returning when the heavy breakers at the river's mouth capsized their light boat. The drowned youth's body had not been recovered at the latest report. Mr. Belakin recently came to the coast town and had become very popular.

Modern Hospital For Ailing Pets

The comfort and confidence afforded by a modern hospital is a real boon when needed for animals as well as humans, and Ukiah can now boast a pet hospital which is as immaculate, well equipped and well ordered as one could wish for the care of small animals. Dr. E. C. Morris, experienced veterinarian, has recently come from Eureka and has established his plant on Church street, between State and School streets, with reception room, private office and large area with adequate kennels and pens for dogs and cats, and including an operating section. Even the animals seen there for treatment seemed to feel the serenity which comes with good care. An attendant is always on call.

Veteran Suffers Paralysis Stroke

Chester C. Perry, of Covelo, passed through Ukiah Tuesday on his way to Fort Miley where he will receive medical treatment at Veterans Hospital for a stroke he suffered Monday. Accompanying him were Messrs. Pettifish and Gray of Round Valley.

"UNCLE MACK" LAID TO REST

Early Day Resident Was Buried Here Thursday Last

Buried Thursday beside his wife and two children in the local cemetery was Mack Howard, 82, member of one of the real pioneer families of this county. Born in 1856 in McDonald county, Missouri, he started in April of the same year on the long trip west at the age of six weeks, with his parents, sisters and brothers. By the time they reached Stockton the following November he was able to crawl. Many hardships were encountered on the trek to California, and it has become family legend that the one who grew to a stalwart six foot four man was kept alive on black coffee in place of milk during this early journey.

Came In 1858.

After a year at Stockton the family moved to Sonoma, then in October, 1858, settled on what is now known as the old Howard ranch east of Ukiah valley. The late M. W. Howard, father of deceased, was founder of the local Baptist church, was ordained minister and gave his services to the church many years without remuneration. Jim Howard, youngest and only surviving son of the family, was born in this county. Other brothers and sisters of the late Mack Howard were Taylor and Scott, twins, William, Alfred, Tom, Pete, Mrs. Ann Cleveland, Mrs. Caroline Bidwell, Mrs. Belle Young and Miss Lucy Howard. After this large family was grown Mr. and Mrs. M. W. Howard took under their roof five orphans whom they reared with loving care. Mrs. Lulu Holtz of this city is a niece of the late Mack Howard. Everett Cox, her son, now owns part of the extensive ranch property which once belonged to the Howards.

Served As Recorder.

Mack Howard was county recorder during the years 1895 to 1898 inclusive. He was a member of Odd Fellows lodge 57 years. Three generations of friends in this county affectionately called him "Uncle Mack." He made his home with his brother, Jim Howard, at Bridgeport until his recent illness when he came to Ukiah.

Funeral Held Thursday.

Rev. Leonard Brown, of the Baptist church, officiated at the funeral services which were held Thursday afternoon at two o'clock at The Eversole Mortuary, and Odd Fellows conducted graveside services. Pallbearers were County Recorder Fred Chalfant, J. A. Freeman, J. R. Thomas, Walter Sandelin, Robert Anderson and Clem Heryford.

Ham & Eggs Money Termed "No Good"

Another blow against the Thirty Ducats Every Thursday "pension" scheme was dealt this week when Attorney General U. S. Webb ruled the pension warrants illegal for payment of insurance premiums or losses. Already outlawed by banks of the state, it appears more and more the "Thirty Thursday" plan is an idle dream.

GOOD FISHING? SO IT APPEARS

A Catch Of A Double Kind Is Reported From Coast

Ed. Melville and "Doc" Lane, according to The Fort Bragg Advocate, were fishing in the bay at Fort Bragg recently and Mr. Melville hooked a small grilse. He was pulling the fish in when, all of a sudden, his pole bent double and the line started out. He snubbed up and then started to reel in. Imagine his suprise when he drew his catch close to the boat and found a big cod on the end of the line!

What He Found.

He landed his fish and was in for another surprise. When he started to remove the hook from the cod's mouth he found that the fish wasn't hooked at all—but that the hook was in the mouth of the grilse. The grilse was removed from the cod's mouth and then the hook from the grilse.

How It Occurred.

Many catches like this have been heard of, but this was the first real evidence brought into town for everyone to see. The cod had evidently seen the grilse struggling to free itself from the hook and grabbed it and half swallowed it.

"LETTER OF INTRODUCTION" IS ONE OF MOST ENJOYABLE FILMS

Charlie McCarthy Keeps All Hands At Studio In Stitches

Hollywood's wittiest "smart-cracker" is—a dummy!

Although the Film City boasts such wits as the Marx Brothers, the Ritz Brothers, Milton Berle, George and Gracie Allen, Jack Benny and scores of other screen and radio personalities, studio workers found themselves gasping with amazement at the sallies, side-remarks and snappy comebacks of Edgar Bergen's famous piece of pine, Charlie McCarthy.

Fresh From Start.

Charlie McCarthy hadn't worked two hours in "Letter of Introduction," Universal's John M. Stahl production which comes to The State Theatre Sunday and Monday, when he had 'em rolling on the floor.

Rioted The Studio.

A cast that runs away ahead of most features surrounds the famous creator of rib-tickling carryings on. During the filming of "Letters of Introduction" the whole studio was kept in an uproar—It is an evening's entertainment you can not afford to miss.

FELL FROM BRIDGE

Jim Carmichael was taken in the ambulance to the county hospital Monday following injuries received when he fell from the bridge being built near the hospital.

J. J. Sassenrath In City Hospital

Joe J. Sassenrath, secretary of the Sonoma State Home, secretary of the Sonoma County Firemen's Association and prominent former service man, was taken to Letterman General Hospital, San Francisco, Monday afternoon to undergo treatment for kidney infection and an arthritic complication. His physician, Dr. E. J. Finnerty, of Sonoma, recommended the hospitalization.—Mr. Sassenrath is a son-in-law of Mr. and Mrs. C. W. Barrick, of this city.

RECORD SUM TURNED OVER

Board Of Equalization Sends County Tidy Amount

Distribution of $1,998,155.5[illegible] to cities and counties as their share of liquor fees for licenses issued during the first six-month period of 1938, was announced by Richard E. Collins, member of the State Board of Equalization for the third district.

Huge Sum Raised.

The allocation represents 50 per cent of the total fees earned during the first half of the year. Collections from this source amounted to $3,996,311.02, the State's half of which goes into the general fund.

What Came Here.

On the basis of actual licenses issued Mendocino county will receive a total of $14,908.44, of which $6,055.32 will be paid to the unincorporated areas and $2,035.62 to Ukiah. Fort Bragg gets $4,505.50, Willits $1,812.50 and Point Arena $502.50.

ROSALIE KIRK WED AT GARBERVILLE TO LES. OLESEN

The Garberville Community Church was the scene of a very pretty wedding Sunday when Miss Rosalie Kirk, daughter of Mr. and Mrs. C. C. Kirk of Piercy, became the bride of Lester Olesen, of Shively. Rev. August Harris performed the ceremony before a large gathering. The church was prettily decorated with autumn leaves and white chrysanthemums. Mrs. M. Jones played Lohengrin's "Wedding March" and Mrs. Harold Kirk, aunt of the bride, sang "I Love You Truly."

The bride was lovely in a white satin gown with her mother's white tulle veil and orange blossoms. She carried a bouquet of Talisman roses. The bride's sister, Miss Marie Kirk, was maid of honor and was charming in a light blue net gown and carried pink roses. Little Carol Lee Davis was flower girl and James Oleson, brother of the groom, best man. Ushers were Edward Hull, Norman Gill and Charles E. Kirk, cousins and brother of the bride.

Following the ceremony, about 50 guests and relatives gathered at the home of the bride's parents for a reception held there. Among relatives present were Mr. and Mrs. J. A. Kirk, grandparents of the bride, Miss Dorothy Kirk, her aunt, and Mr. and Mrs. Harold L. Kirk, an uncle and aunt, Edward Medcalf, maternal grandfather of the bride, all of Ukiah, Mrs. Ines Sciffington, Mrs. Will Hull, Miss Edith Medcalf and Lee Medcalf of Piercy, aunts and an uncle of the bride; Mr. and Mrs. John Olesen, parents of the groom, J. Showers, his grandfather, Mr. and Mrs. Sam Olesen, his brother and sister-in-law, Miss Irene Olesen and Howard Olesen, his sister and brother, all of Shively.

The young couple will reside at Piercy following a honeymoon trip to Lake county and to Sacramento.

B.P.W.C. ENJOYED A PROGRAM IN INDIAN THEME

An unusual and delightful theme was that of the Indian program enjoyed by Business and Professional Women when they held their regular dinner meeting in the Canton room of The Palace Hotel Thursday evening. The committee in charge was dressed in appropriate Indian costume, with beaded and feathered headbands, to greet club members.

Upon entering the room one saw in the far corner a life-size replica of an Indian dwelling against a background of golden corn from which a huge moon was rising, winking and smiling benignly upon the scene of Indian summer. Stones for grinding corn, blankets and animal skins were realistic additions to the setting.

The motif was repeated in miniature by gayly decorated wigwams, bright blankets, trees and pine cone figures interestingly grouped along a panel of brown crepe paper centering the U-shaped table which faced the larger scene. Cornbread was served with the delicious steak dinner, and pumpkin pie was the dessert. Program numbers were vocal duets in which Miss Mildred Prather and Miss Madeleine Fanslow Sang "Pale Moon" and "Out of the Dusk," and a piano solo, "Dawn," by Mrs. Peter Frey.

President Drusia Harris conducted the short business session. Mrs. Louise Bernhard told of receiving word from Mrs. M. Goodall, organizer of the Club, who wished to extend greetings to the present members. Miss Katherine Gobbi and Mrs. George O'Quest are in charge of arrangements, and all members of the league will assist in the sale of tickets and candy making for the sale to take place in the lobby.

Following Thursday's business session Mrs. Wegner served salad, cake and coffee.

LAURA KAISER REVIEWED TRIP FOR CLUB

Cultus Club members enjoyed a "panoramic view" of Europe when Miss Laura Kaiser painted a vivid word picture of her summer's journey abroad for the group when it met at the home of Mrs. Lillian Thomas last evening. Highlights were thrown on places infrequently told about while those more commonly known were sketched but briefly.

Fascinating glimpses of ports of call included those of the Azores, Lisbon, Gibraltar, Palermo, Naples and a side trip to Pompeii, Patra, Cattaro, Ragusa, Trieste and Venice. Crossing Italy to Genoa a beautiful trip was enjoyed along the azure coast of the Riviera to Nice. Thence the Route des Alpes was traversed, following that taken by Napoleon on his return from Alba. A motor trip to Geneva and Montreux and a visit to the Castle of Chalon were memorable parts of the inland trip.

Following a stop at Paris the continent was left for the British Isles. In Scotland a journey was made by stage and boat across the picturesque wooded valley of the Trossachs in Perthshire, between Loch Katrine and Loch Achray, with lovely Ellen's isle bringing to mind Scott's "Lady of the Lake."

In England two wonderful weeks were passed at the school of intensive theatre study at Stratford-on-Avon, working with producers and actors and actually rehearsing various Shakespearian roles. Time was found to visit the quaint villages of timber and plastered houses with overhanging upper stories above narrow and curving streets. At Malvern Elizabeth Bergner was seen playing George Bernard Shaw's "St. John" and Miss Kaiser was interested in comparing her interpretation of the portrayal with that of Catherine Cornell.

Musical numbers completed the evening program, after which refreshments were served. Mrs. Katherine Harvey and Mrs. Iva Mellis were hostesses.

LOCAL COUPLE IN A WILD RIDE
Heart Attack Suffered While At The Car's Wheel

(Santa Rosa Press-Democrat)

Mr. and Mrs. E. C. Baker, of Ukiah, have many times seen the slapstick comedy film version of a car careening out of control through heavy traffic, miraculously barely missing everything in sight.

Saw Real Thing.

Yesterday, Mrs. Baker, at least, went through that experience. Riding with her husband towards San Rafael on the Redwood highway just south of the Marin-Sonoma line through heavy mid-afternoon traffic, Mrs. Baker saw her husband slump suddenly over the wheel of their car. Helpless to control the wildly careening vehicle or to revive her husband, apparently victim of a heart attack, she watched terror-stricken as the car sped unmanned down the road, lurched over into the oncoming lane of traffic, scattering approaching automobiles like frightened chickens, careened back on the right side of the highway, slid over an embankment, crashed through a fence, and came to rest in a ditch.

Was Not Hurt,

Shaken, but unhurt, Mrs. Baker crawled from the car, aided in partially reviving her husband, and called friends in Oakland who came to their aid. Mr. Baker, though semi-conscious from his heart attack, was uninjured from the crash.

Mr. Baker is a local contractor, member of the firm of Crawford & Baker, and was enroute to Oakland to visit his son.

VOTE "YES"

If California cannot give lost dogs and cats a good home, let us, at least, provide for them a painless death. If you vote "Yes" on Act 2, a uniform State-wide law will result for the protection of cats and dogs in public pounds—they will not be sold to medical research agencies and cut half to pieces while alive for alleged medical purposes. The Humane Pound Law simply protects the lost dog, the stray dog and the dog forfeited for failure of the owner to pay a license for infringement of a city regulation. Be good sports—Do as much for your dog as he would do for you, if positions were reversed. Save dogs from being cut up alive.
